

# MOBILE BANKING QUICK GUIDE

**WITH OUR MOBILE BANKING APP, YOU HAVE SIMPLE YET POWERFUL TOOLS FOR STAYING CONNECTED TO YOUR ACCOUNTS, NO MATTER WHERE YOU ARE.** To access all the functionality of the Mobile Banking app, it is strongly recommended that you enroll in Online Banking, if you have not already done so.

Simply log in to get an at-a-glance view of your balances. From here you can review your balances, review transactions, transfer money, pay a bill, make a deposit, get directions to the nearest branch, and more.

To transfer funds, select account and enter an amount. It's that easy. Quickly pay your bills and securely send money to another person with just an email or a mobile number. The money moves directly from your account to their account.

Now you can deposit a check easily by just snapping a photo. Or when someone sends you money, accept it and select which account to make your deposit.

The More tab is where you will find our additional services, including a few helpful links. It's simple, yet powerful account management for your finances.

If your phone is ever lost or stolen, your account is locked behind strong, multilayer security.
